Brushed Scales from Face Like Powder-Under Physicians Six Months But Grew Worse - Some Said Face Would Be Marked for Life-Now Without a Blemish.

CUTICURA REMEDIES WORK WONDERS.

"As I was a sufferer with cezema I write to tell you what a great friend

I found in Cuticura Remedies. In six months I had tried three doctors, but did not get any better. It was on my body and on my feet so thick that I could hardly put

a pin on me without touching eccovered, my eyebrows came out, and then it got in my eye. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that my face would be marked for life. But Cuticura did its work and my face is

now just as clear as it ever was.
"My brother-in-law told me about the wonderful Cuticura remedies.
I took his advice and got the Ointment,
Sosp, and Resolvent. I washed with
the Cuticura Soap and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent I could brush the scales off my face like a powder. When I had taken four bottles my face was as clear as ever.

"I told all my friends about my remarkable cure. I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. New Banking Bill Allows Institutions to Loan Part of Surplus.

FREE ALCOHOL BILL IS PASSED WITHOUT TROUBLE

Speaker Cannon Surprises the Members by Making New Rule on Quorum.

WASHINGTON, April 16.-This was suspension day" in the House and a number of important measures were passed, notable among them being the bill permitting the withdrawal from bond, tax free, of domestic alcohol when rendered unfit for beverage or liquid medic-inal uses by mixture with suitable denaturing materials; the bill amending the national trademark law, and the bill forbidding the importation and carriage in interstate commerce of falsely stamped articles of gold, etc.

New Banking Bill. New Banking Bill.

Bills passed also included one to extend the time when the coastwise shipping laws shall go into effect in the ships and another to increase the loans of banks by allowing national banks to loan 10 per cent of their supplus to any person, firm or corporation.

A bill for the diversion of water from the Sacramento river, California, for irrigation purposes was passed.

Alcohol Bill Comes Un.

Alcohol Bill Comes Up. Alcohol Bill Comes Up.

The denatured alcohol bill was then taken up, on motion of Mr. Payne of New York. Mr. Payne said the bill provides that three months after its passage domestic alcohol of such degree of proof and such regulations as the Commissioner of Internal Revenue may prescribe may be withdrawn without the payment of an internal revenue tax, for use not only in the arts and industries, but for fuel, light and power. The bill provides for its denaturing—that is, making it poissonous, so that it cannot be used as a beverage and rendering it unfit for liquid medicinal purposes. Predicts Revolution.

Clark of Missouri favored the bill. "If the roseate predictions of its most enthusiastic advonctes are fulfilled," he said, we will witness a veritable Aladdin's lamp working its myriad wonders before our eyes in this prosiac age. If even half of them are realized we will see a revolution in lighting, heating and motor power."

power."
The bill was passed, 224 to 7.
The bill appropriating \$400,000 for the improvement of the mouth of the Columbia river, Oregon and Washington, was passed.

Probing Child Labor.

The bill authorizing the Secretary of Commerce and Labor to investigate and report upon the Industrial, moral and educational conditions of female and child workers in the United States was made a privileged order in the House.

The bill amending the existing law relating to the registration of trademarks was passed. The bill creates classes of merchandise for the purpose of trademark registration.

Must Stamp the Goods.

Must Stamp the Goods.

Mr. Ryan of New York called up the bill forbidding the importation and carriage in interstate commerce of falsely or spuriously stamped articles of merchandles made of gold or silver or their alloy. Broadly stated, it requires persons manufacturing articles out of the precious metals to stamp these articles for what they are.

The bill was passed, 138 to 35.

Did Not Have Quorum.

Mr. Payne of New York, in order to continue the suspension day over to another day, moved that the House take a recess until 11-39 a. m. tomorrow. On the vote the absence of a quorum was disclosed.

For an hour or more the wheels of legislation were at a standstill. Finally, after sending for members at their hotels and apartment houses a quorum was secured.

Takes New Ground.

Speaker Cannon surprised the House by holding that 191 members constituted a quorum, and had read a prepared statement in which he took the ground, that after the House is organized a quorum consists of a majority of those members chosen, sworn and living, whose membership has not been terminated by resignation or by the action of the House. This ruling, the Speaker said, was justified by the fact that two members have died and two, Messrs Patterson of Tennessee and Mr. Williamson of Oregon, have not been sworn, and Mr. Swanson of Virginia has resigned. He reasoned that if members not qualified are not to be counted as part of the House, then the total membership is reduced to 281 and the quorum is 191.

A majority having voted in the affirmative, the House at \$1.5 took a recess until tomorrow at 11:29.

NEW YOHK, April 16.—Secretary Leslie M. Shaw of the Treasury department told 1000 young and old people in the chapel of the Janes Methodist church Sunday-school, in Brooklyn, yesterday, that Bible study and Sunday-schools were vitally essential to the welfare and progress of this country. Mr. Shaw said:

"I have been interested in Sunday-school work for a long time. I believe that the Sunday-schools are doing a great work for the country. I believe that they are essential to the country. You, young men, when you get through

You, young men, when you get through here and go out into the world, don't forget the lessons you have learned

here.
"I do not say that the Bible should be taught in the public school, but I do say that it is not taught in the public school. The Bible as a book is not taught in the pulpit, either. If the Bible is taught you at all, the chances are that you students here will get most of your knowledge of the book from the Sunday-school study of it, and for that reason the Sunday-school is the greatest institution in the country."

OPENING OF THE WIND RIVER RESERVATION

Railroads Are Making Preparations for the Transportation of Homeseekers.

The report is current in railroad circles that the Union Pacific, Colorado & Southern and the Union Facific, Colorado & Southern and Chicago & Northwestern railroads have en-tered into a traffic agreement whereby it is proposed to run solid vestibule trains from Denver, through Cheyenne to Shestone for the opening of the Wind Biver reservation this

Scheme Is Feasible.

Scheme Is Feasible.

The scheme is looked upon as feasible by railread men and the report is given general credence in railroad circles. But two railroads will reach the vicinity of the reservation, the Burlington at Worland and the Northwestern at Shoshome. While the flurlington will take many homeseskers into Wyoming from the north, the bulk of the traffic is expected to be handled by the Northwestern, and much of this will come through Cheyenne from the east, south and west, over the Cheyenne & Northern. Plans of some kind must be made to handle this great business and the running of through trains from Denver to Shoshope is not only feasible but perhaps the best solution of the problem.

HAY \$18 PER TON.

Long Winter in Southern Idaho Has Increased Demand.

Sheepmen are just commencing shearing in southern Idaho. On account of the large number of sheep wintering in that portion of Idaho and the Ontario district of Gregon, there has been an enormous demand for hay and that commodity is now bringing 415 per ton at American Falls and Ontario. The late spring has also added to the demand for feed. It is reported that the leases of cattle in Idaho this year is much heavier than usual. The winter has been a long and a trying one and the losses have been considerable.

LIVE STOCK MOVEMENT.

Local Railroads Beginning to Handle Stock Business.

Live stock consignments are beginning to move on the local railroads. About 1500 head of cattle yearlings have been shipped east during the last two days from the Union stockwards. The stock was sold by M. K. Parsons to Ballantyne & Beggs.

Next week the Salt Lake Routs will commence to move about 100 carloads of sheep, and the Oregon Short Line already has some less carloads booked for shipment to Idaho.

peny in the Courts.

CHICAGO, April 16.—John E. Faithorn, president of the Chicago Terminal & Transfer company, which operates a belt line around Chicago, was today appointed receiver of the company. The appointment of the receiver was not contested and comes as an indirect result of a suit brought some time since against the corporation by holders of some of its bonds. It has become necessary for the company to clevate its tracks and to erect some new buildings, and it was believed that this work could more readily be done under a receivership.

GREAT SINGER RETURNS

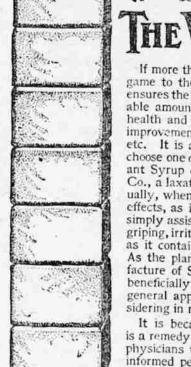

Madame Schumann-Heink Brings Sons to America.

NEW YORK, April 16.—Schumann-Heink, the singer, down on the passen-ger list as "Frau Schumann-Heink-Rapp, Jr." came back to America yesterday on the steamship Bleucher, With her were three sons, Helnrich, Hans and Walter, who are going to be Amer-icans. They are 19, 15 and 17 years old

icans. They are 19, 15 and 17 years old respectively. Herman, who is 15, was left in Germany, where he is attending a nautical college.

"I had some trouble getting the boys out of the country," she said, "because the Government wanted them to serve their three years in the army; but, as Mr. Rapp is an American, I succeeded.

"I have bought a farm at Caldwell, near Montclair, N. J., and we will live there. The boys have no ambition for the operatic stage. They will go into business, unless they are so taken up with the farm that they remain there."

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, billousness, headaches, etc. It is all-important, however, in selecting a faxative, to

choose one of known quality and excellence, like the ever pleas-ant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases. It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by

physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the

company — California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
